31. Code of ethics for research followed by the departments:-

The University ordinances are followed as per the JMI norms. All research protocols must also be in accordance with The Dentists (Code of Ethics) Regulations (1976). All research projects are evaluated by the Internal research committees. The projects are then submitted to the Ethics Committee for human research (JMI) for clearance. Plagiarism software is used to check the authenticity of the research and to determine the similarity index of papers published from the Faculty of Dentistry.

Informed Consent is taken from the patients before initiating any dental treatment procedure.

51. Detail any five Strengths, Weaknesses, Opportunities and Challenges (SWOC) of the department.

Strengths

- Highly qualified well experienced teaching faculty.
- Course directed towards sustainable self-employment of students.
- Admission to Bachelor of Dental Surgery course on basis of All India

Entrance Examination ensuring input of meritorious students.

- State of art infrastructure & equipments, more than 250 patients are available per day as clinical material for student training.

EVALUATIVE REPORT OF FACULTY OF DENTISTRY

- Affirmative action & equal opportunities for students & staff.

Weaknesses

- Individual departments in the faculty yet to be established.
- Research activities need to be strengthened.
- Limited academic flexibility in BDS course and curriculum due to stringent requirements specified by Dental Council of India.
- Recruitment of well qualified medical and dental faculty is difficult due to the higher remuneration offered by private sector institutions.
- Upgradation of smart classes and laboratories with state of art multimedia facilities is required.

Opportunities

- Setting up of Post Graduate & Research center and develop it into premier institution for higher learning.
- Foreign University collaboration.
- Upgrading the medical hospital into a tertiary health care center.
- Inter-disciplinary research.
- To establish Medical College.

Challenges

- Inclusion of current & contemporary technologies in parity with national & international institutions
- Restructuring of course curriculum directed at problem solving based clinical learning.f repute.
- To make it sought after institution for best of Indian & Foreign students for admission.
- Allocation of resources for research.
- To retain well qualified and skilled faculty members.

52. Future plans of the department.

- To start post graduation in all nine specialities of dentistry once the Bachelor of Dental Surgery course gets recognized by the apex body (Dental Council of India).
- To start diploma courses in dental mechanics and dental hygienist.
- To develop its attached medical hospital into tertiary health care centre.
