# JMI comes 1st in Zonal NASA Convention

**STATESMAN NEWS SERVICE**

NEW DELHI, 27 OCTOBER

The Jamia Millia Islamia (JMI) university's architecture and ekistics faculty came first in the Zonal NASA (National Association of Students of Architecture) Convention 2018.

The NASA is an architecture students organisation, which conducts events, conventions, seminars and workshops with student participants from more than two hundred colleges from across the country and the world. The JMI's faculty got the award in Zonal NASA convention which had "Editopia: Overwrite Perfection" as its theme. It was a four-day event

held from 18 October to 21 October at the College of Architecture IET Bhattal, Chandigarh. According to a statement issued by JMI, "The main objective of NASA India is to create a platform for architecture students to learn and interact, engage them directly and indirectly through both online and offline platforms."

The faculty head Prof S M Akhtar, while addressing the students, said, "Architecture is living and vibrant, all diversity gets into architecture. NASA is the forum which offers the free expression with competitive spirit to students of architecture. It is great this year Jamia students have excelled again."
