## STYLE SHEET FOR ARTICLE SUBMISSION

**Manuscripts:** All material must be original, not published or submitted for publication elsewhere. The length of the paper should be around 6,000 to 7,000 words. Manuscripts should be typed in MS Word, Times New Roman, fonts 12 size with 1.5 space. The author's name, academic rank, institutional affiliation, e-mail and postal address, telephone number and acknowledgements should appear on a separate page. A biographical note of about 150 words describing the author should accompany the manuscript.

**Spelling:** Follow British, not American spellings. Thus, use "humour," not "humor," and "programme," not "program." Also, use "modernise," "stabilise" or "modernisation," "stabilisation," etc.

**Quotations:** Quotations must be placed in double quotation marks, reserving single quotation marks for a quote within a quote. Long quotes (i.e., four lines or more) should be indented, without quote marks, to set them apart from the text.

**Abbreviations:** All abbreviations must be given in full at their first use in the text; for example Comprehensive Test Ban Treaty (CTBT). Abbreviations should include a final stop in words shortened by omitting the end (such as ed., vol.) but not in contractions (words such as Mr, Dr, eds) or between capitals, e.g., USA, SAARC, UN. Avoid using "i.e." in the text but use them in the notes if you wish.

**Highlighting Words:** Use capitals, bold and italics consistently. Italics should be used for titles of books, newspapers, journals and magazines as well as for foreign words not in common usage.

**Numbers:** Numbers from one to nine should be spelt out, 10 and above should be in figures, hence, "seven" not "7" and "17" not "seventeen". However, figures should be used for exact measurements (such as "5 per cent," "5 km" and "5-year-old child"). Use "thousand" and "million," not "crore" and "lakh." Use fuller forms for inclusive numbers in the case of dates and page numbers (such as "1971-72" and pp. "260-65"). In the text, use "per cent," in tables, the symbol "%."

**Figures and Tables:** Figures and Tables should be presented on separate sheets of paper and collected at the end of the paper while mentioning the location in the paper. Figures and Tables must be numbered in separate sequences, i.e., "Fig. 1" and "Table 1" and the titles should be short and crisp. Copyright permission for reproducing Figures or Tables that have been cited from other works must be obtained.

**Notes and References:** Notes and References should be amalgamated and signaled serially in the text of the article by superscript 1, 2, 3, etc. The preference will be for endnotes and not footnotes.
