

## Teacher's Day 2025 Report

Mezbaan-e-Sayyah, the Yuva Tourism Club of the Department of Tourism and Hospitality Management (DTHM), Jamia Millia Islamia, celebrated **Teachers' Day on 4th September 2025** with great enthusiasm and warmth. The entire event was thoughtfully planned and executed by the students of the department to honor their mentors.

The celebrations began with a **poster-making competition** on the theme *"How AI Cannot Replace Teachers,"* where students showcased their creativity and highlighted the irreplaceable role of teachers in shaping lives.

A special dress code was also announced for the faculty members, with the theme **Indo-Western attire**, giving them the freedom to choose Indian, Western, or a fusion of both styles.

The teachers were given a warm welcome by the students with **flowers and refreshing welcome drinks**. A series of engaging and fun-filled activities were organized exclusively for the teachers,

including **tongue twisters, Chinese whisper, and an open mic session.** The event created an atmosphere of joy, laughter, and togetherness.

One of the highlights of the celebration was the presentation of **personalized certificates with unique titles** that described each teacher's personality. Along with the certificates, the teachers were also given thoughtful gifts as tokens of love and gratitude from their students.

The program concluded with a **cake-cutting ceremony**, symbolizing the bond between teachers and students and marking the successful culmination of a memorable celebration.

The Teachers' Day event at DTHM-JMI was not only a gesture of respect and appreciation but also a heartfelt expression of gratitude towards the teachers for their constant guidance, dedication, and inspiration.
