

Extension Lecture Series RECENT TRENDS IN BIOSCIENCES

November 13-14, 2010

Organized By

**Biosciences Subject Association, Department of Biosciences
Jamia Millia Islamia New Delhi 110025**

Venue: ENGINEERING FACULTY AUDITORIUM

PROGRAM (November 13, 2010)

Welcome Address (10:20am to 10:30am)

Lecture I (10:30 am -11:30 am)

“Genome Analysis, Applications and Implications”

Dr. Sher Ali

**Head, Molecular Genetics Lab
National Institute of Immunology, New Delhi 110067**

Tea Break (11:30 am - 11:45 am)

Lecture II (11:45 am - 12:30 pm)

Dr. V. K. Baranwal

**Principal Scientist and I/C Virology Unit
Indian Agricultural Research Institute, New Delhi**

Lecture III (12:30 pm- 1:15 pm)

**“Unraveling the complexity of Mitogen Activated Protein Kinase
cascade in rice”**

Dr. Alok Krishna Sinha

Scientist, National Institute for Plant Genome Research, New Delhi -110067

Lunch Break (1:15 pm- 2:00 pm)

Lecture IV (2:00pm - 2:45 pm)

Dr Ritu Kulshrestha

Pathology Division, Vallabhbhai Patel Chest Institute, New Delhi

Lecture V (2:45pm- 3:45pm)

“Carrier Opportunities for Science Graduates”

Dr. Rahul Srivastava

**APHETA Clinical Research, 201, 2nd Floor South Extension Tower, South
Ext Part II, New Delhi 110049**

Lecture VI (3:45pm- 4:30pm)

“Cardiovascular and Cell Signalling”

Prof Habib R. Ansari

Department of Biosciences, Jamia Millia Islamia, New Delhi

PROGRAM (November 14, 2010)

Lecture I (10.30 am -11.30 am)

“Designing peptidic drugs against malaria”

Dr Dinkar Sahal

Staff Research Scientist, International Centre for Genetic Engineering
and Biotechnology New Delhi 110067

Lecture II (11.30 am - 12.30 pm)

Prof. Santosh K. Kar

**School of Biotechnology, Jawaharlal Nehru University
New Delhi 110067**

Vote of Thanks (12.30 pm)

Lunch Break (12.45 pm- 1.15 pm)
