No.F. /Estt./RO/JMI/2020/

February 6, 2020

APPEAL TO STUDENTS

The demonstration and Dharna on Maulana Mohammad Ali Jauhar Marg which is a public road near Gate-7 of the University is continuing since 16.12.2019 against the Citizenship (Amendment) Act. The venue of the demonstration near Gate-7 has become a focal point of democratic expressions of various factions of society against CAA.

The Gate No.7 is being used by the various factions of the civil society, neighbouring localities and the students are not distinguishable from this crowd.

The SHO, Jamia Nagar Police Station, vide letter dated 04.02.2020 has highlighted the fact that the site of this Dharna has been targeted by anti-social elements who resorted to firing twice thereby endangering the life of the protesters and in view of the upcoming Delhi Assembly elections, the law and order factor is very critical and SHO has requested the protestors to vacate the road to avoid any untoward incident as unverified large crowd is not desirable in the run up of the Election.

The University is responsible for the safety and security of its students within the domain of the campus and can protect the students and staff when they as a group are independent of the crowd which is not a bonafide part of the university.

The request of the local police needs to be taken seriously and its gravity to be understood.

The students are requested not to be a part of an agitating crowd on a public road endangering their safety and security. The parents are also being approached and their support in personal capacity is also solicited to guide their wards in adhering to basic precautions to be confined within the premises of the university campus. The Proctorial paraphernalia available to University is limited, hence a collective effort is the need of the hour.
