

Senior Research Fellowship Vacancy in the CSIR Funded Research Project

Vacancy: Senior Research Fellowship (SRF)

Duration: Three years

Funding Agency: **CSIR**

Project Title: *Design and Development of Pim-1 Kinase-Specific Inhibitors as Preclinical Lead for the Prostate Cancer Therapy*

Project Description: Interested intellectual candidates can send application for SRF for CSIR funded project on comprehensive drug discovery. The major focus is on the design and development of small-molecule inhibitors of human kinases for anticancer therapy. The successful candidate will be involved in the designing and development of small molecule inhibitors potentially targeting to PIM-1 kinase. The SRF have to design and synthesis the new analogs of existing leads to develop biologically active compounds for testing in cancer cells lines and animal models. The candidate should have knowledge of Molecular Biology/Cell Biology/Structural Biology/Bioinformatics. Candidates having good in oral and written communication skills in English will be preferred. For more details you may visit web page of lab: <https://hassanlab.org>

Essential Qualification: M. Sc. in any stream of Biological Science with at least 55% marks and Two Years of research experience. Candidates who are NET/GATE qualified and had experience in the area of Molecular Biology/Cell Biology/Structural Biology/Bioinformatics will be given preference.

How to apply: Please submit a cover letter, attached application form, CV, and supporting documents combined into a single PDF file also fill the attached form and send by e-mail to hassanlab@jmi.ac.in before 31st December 2020.
