Notice

There has been lot of hue and cry among the GJAN members due to sudden and temporary suspension of their entry into the campus. Many have already approached me with their grievances. I would like to brief the following;

1. GJAN members are not regular students so any facility extended to them cannot be claimed as a matter of right.
2. If anyone who genuinely requires some access/privilege are advised to get prior approval from the office of the under signed.
3. Members must remember that we have limited resources and infra structure. They can contribute in strengthening this.
- 4 It is not possible to extend the privilege at the coast of present student who are primary responsibility of the university.
5. It should be clearly noted that AAJMI is an association of old students and its ID bearers have neither any right to access to the university nor any privilege from the university in the sharp contrast to GJAN membership.
6. If any misuse/misconduct is reported their membership may be terminated with immediate effect.

Hope this will remove the cofusion in interpretation of GJAN constitution by some of the members. Rest assured we are here to help our alumni.
