Sir/Madam,

With reference to your trailing email on the above mentioned subject, it is to convey that that this Ministry has no objection to the proposal to launch the Going Global Partnership, subject to the condition, as you have already mentioned, that there would be no financial implications on the Ministry of Education. This Ministry also agrees to provide support, as much as possible, in promoting the programme and nominating appropriate staff for participation in the selection panel and other advise and guidance in the delivery of the programme.

This has the approval of competent authority.

Kind regards,
