JMI organises Machine Learning and Artificial Intelligence meet

Jamia Millia Islamia's Centre for Innovation and Entrepreneurship (CIE) yesterday organised a meetup for the enthusiasts of Artificial Intelligence and Machine Learning.

56 Machine Learning and Artificial Intelligence enthusiasts from various departments such as Bioinformatics, MCA, BSc Mathematics (Hons), B.Tech Computer Science, B.Tech Electronics and Communications attended the meet and discussed the scope of the technology and its applications in the industry.

Tauheed Khan Mohd, a Jamia alumnus who is now pursuing his PhD in Human-Computer Interaction from the University of Toledo, USA shared his knowledge and expertise with the participants. He briefed the students about the future aspects of Machine Learning, opportunities to pursue Masters and PhD from the United States, and on general trends of the IT industry.

The meetup was coordinated by a group of students named HASHesJMI which is working to build a community of developers in Jamia.

Prof Saima Saeed

Media Coordinator, JMI
