Press Release

**Amalgamation of Healthcare Professionals and Architects in “Confluence18’  
at JMI**

Faculty of Architecture & Ekistics, JMI in collaboration with Dharamshila Narayana Superspeciality Hospital is organising first of its kind symposium which will have amalgamation of Healthcare Professionals and Architects. This will be their first Healthcare Architecture Symposium: “Confluence18’ on October 13, 2018. Students, professionals and academicians from all over the nation are welcome to this symposium.

The main objective of this National Symposium is to bridge that gap between the architecture, healthcare and engineering world. Prof. S.M. Akhtar, HoD, Department of Architecture envisioned the need of this specialized amalgamation more than a decade back when he realized the need of interaction between architects and doctors to understand and supplement requirements of each other.

“Architecture based Healthcare planning has become the gold standard. Comfort, Compliance, Consistency, Cure, Control, Consensus & Concordance matters in its design”, shares Dr. Anshuman Kumar, Director, Dharamshila Narayana Superspeciality Hospital, New Delhi who will be the ‘Guest of Honor’ at this national conclave. The dais will also welcome Ar. Rang Emei, Principal Architect, Helix Healthcare Architecture as their Chief Guest, along with six other eminent speakers & fourteen dignified members for the panel discussion , to share their knowledge and experience, aiming to draw comprehensive recommendations for a healthier society.

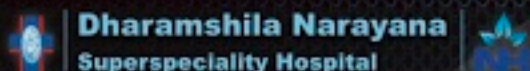

“Given the multidisciplinary nature and changing requirements of the healthcare industry, 'Confluence 18' attempts to bring on board architecture and healthcare

experts to deliberate on some of the pressing challenges and possible implementablesolutions, specifically to Indian context which demands solutions for diversity and affordability”, says Prof. Hina Zia, Dean, FOAE, JMI. This event will provide a forum for stakeholders from all over the nation, who, otherwise, are unable to come together to discuss these issues in depth and at length. .
