Press Release

JMI alumnus Muhammad Faisal Broke 7th Guinness World Record for his Strongest Memory

JMI alumnus Muhammad Faisal broke the 7th Guinness World Record at The Assam Valley School, Tezpur in Assam on 15th September, 2018. Faisal who already holds four Guinness World Records for his strongest memory attempted 7th Guinness World Record under the category **Most Golden Globes – ‘Best Motion Picture – Musical or Comedy’ winners identified by year in one minute**. The previous world record under this category was 20.

Dr. Vinita B Singh, Dr. Bhuban Chandra Barooah and Prof. Dr. Dhanapati Deka were the official witness of the record attempt while Mr. Pradeep Borthakur and Mr. Gopesh Das were the official time keepers.

During the start of the attempt, Prof. Dr. Dhanapati Deka read out the rules of the record attempt. Then Muhammad Faisal recalled all the names of Most Golden Globes – **‘Best Motion Picture – Musical or Comedy’ winners** from 1952 to 2017 in both forward and reverse order and amazed the audience for his extraordinary memory skills. After that, all the three witnesses randomized the list using the online tool random.org which was recommended as per the guidelines of the Guinness World Records and print out taken and distributed among all the judges.

When the time keeper Pradip Borthakur gave the start command from 3 to 1, Dr. Vinita B Singh started asking questions to Faisal, while other two witnesses were verifying the answers given by him. All the questions comprised of year and name and Faisal answered all.

Faisal made 6 attempts for the same category. In the first attempt, he answered 25 questions in one minute, in the second attempt he answered 26 names in one minute, in the third attempt he answered 25 names in one minute, in the fourth attempt he answered 32 names in one minute and in the sixth attempt he answered 28 names correctly. However, the 5th attempt went wrong as the questions asked by the witness Vineeta Singh was wrong. So, the final measurement was 32.

The whole process have been video recorded and will be sent to Guinness World Records for verification. If everything is all right then Faisal will receive the certificate after 3 months.

It is worth mentioning that Faisal has attempted two more Guinness World Record under the categories **“Most Formula One World Drivers’ Champions Identified by year in one**

minute” and “Most best picture Oscar winners identified by year in one minute” and result of these two records will be announced on 15th and 23rd October respectively.

Faisal completed his Bachelor of Engineering degree from JMI in Electronics and Communication in the year 2016. Currently, Faisal is conducting workshops on memory enhancement at various schools and colleges. He may be contacted through his website <http://www.mdfaisal.com>

List Randomizer

This form allows you to arrange the items of a list in random order. The randomness comes from atmospheric noise, which for many purposes is better than the pseudo-random number algorithms typically used in computer programs.

Part 1: Enter List Items

Enter your items in the field below, each on a separate line. Items can be numbers, names, email addresses, etc. A maximum of 10,000 items are allowed. Please don't enter anything you would consider confidential ([here's why](#)).

1952	With a Song in My Heart
1953	No Award Given
1954	<u>Carman</u> Jones
1955	Guys and Dolls
1956	The King and I
1957	Les Girls
1958	Auntie <u>Mae</u>
1959	Some Like It Hot
1960	The Apartment
1961	A Majority of One

(you're viewing this form securely)

Part 2: Go!

Be patient! It may take a little while to randomize your list...
