Press Release

JMI organizes an Indo-Australian webinar on ‘Formulation and Characterization of Materials & Their Broad Applications for Sustainable Environment and Therapeutics’

The Department of Chemistry, Jamia Millia Islamia (JMI) organised Indo-Australian webinar on ‘Formulation and Characterization of Materials & Their Broad Applications for Sustainable Environment and Therapeutics (FCMSET)’ from March 01-02, 2021 followed by Lecture Series on “Bioderived Materials for Sustainability & Innovations” from March 03-12, 2021 under the aegis of the Scheme for Promotion of Academic and Research Collaboration (SPARC) sponsored as major research project entitled, “Preparation of Nanocellulose & Nanocomposites as Multifunctional Materials derived from Biomass towards Sustainable Developments” by the Ministry of Human Resources and Development (MHRD) in collaboration with the University of Queensland, Australia.

The webinar and the lecture series were organised under the supervision of Prof Nahid Nishat, Head Department of Chemistry as the Chairperson. Dr Saiqa Ikram, Department of Chemistry, JMI was the Convener of the Webinar and Lecture Series.

The main aim of the workshop was to equip participants with all-around development of scientific intelligence; balanced and concurrent advancement in bioderived materials knowledge, capabilities and qualities; to master the features of biocompatible and biodegradable environmental systems, principle of environmental changing process; to master the major technology in environmental monitoring, pollution control engineering, ecology environment restoring; to have ability of team cooperation and international insight, talent to fit the scientific research, teaching and environmental management for the sustainable future.

Prof. S. M. Ishtiaq, Offg. Vice Chancellor, JMI lauded the efforts of the organizers bringing laurels to the University (Online Mode) for their Expert Talks to enlighten the students and research scholars.

Dr. Saiqa Ikram, Convener FCMSET 2021 conducted the inaugural session briefing about the theme of the webinar to the audience.

The event was inaugurated by Prof. Seemi Farhat Basir, Dean Faculty of Natural Sciences, JMI, as the Guest of Honour. Prof. Bhuvanesh Gupta from IIT Delhi delivered Presidential Address.

The Keynote Lecture was delivered by Professor from the University of Queensland, Australia. Other notable scientists also spoke on the occasion.

The online lecture series was attended by over 120 participants.

Dr. Saiqa Ikran proposed a vote of thanks.
