Press Release

14th July 2019

JMI's RCA excels again, 102 students from the Academy clear UPSC Civil Services Prelims Exam

Residential Coaching Academy, JMI continues to give excellent results. Out of about 200 students who took the Prelims of Civil Services Exams, 102 have cleared it as per the results declared by UPSC. The success ratio of RCA, JMI applicants works out to over 50% as against success ratio of less than 3% achieved by all the applicants who took the civil service exams in 2019. The successful candidates come from practically all castes and communities and from all the regions of the country.

These students have qualified to write Civil Services (Main) Examination 2019, scheduled to begin from September 20, 2019. RCA, JMI will also impart free Residential coaching for Mains Exams and groom them for the Mains and personality test. The Academy will also take about 30 new applicants of SC, ST, Minorities and women of all communities who have cleared the Prelims Exams for Free Residential Coaching. The students can apply within a week's time to cccp@jmi.ac.in. The details of this can be accessed by interested applicants from www.jmi.ac.in.

RCA is providing regular classes, series of tests (both objective and subjective type), Special Lectures by Experts, mock Interviews, 24x7 library and hostel facilities. Since its inception in 2010, RCA has produced around 200 Civil Servants i.e. IAS, IFS, IPS, I.Fos, IRS, IRTS, etc. through UPSC's examinations. Besides, around 250 students were selected in Provincial Civil Services (as SDM and DSP) RBI (Grade B), Assistant Commandant (CAPF), IB, Assistant Commissioner (Provident Fund), Bank P.O. etc.

It is also important to note that some students after completing all coaching from RCA, JMI also go to some NGO's and private coaching institutes for only Mock-Interviews (for 30-40 minutes) for practices. Some of them claim/pretend that these successful candidates were their coached students.
