**Jamia Millia Islamia's Diploma in Electrical Engineering students Secure Impressive International Placement Offers**

New Delhi, 30<sup>th</sup> April 2025

Jamia Millia Islamia's University Placement Cell is pleased to announce that three students from the Diploma in Electrical Engineering program have secured placement offers with Voltas. The selected students have been offered a competitive salary package of Rs 12 lakh per annum for positions in the Middle East location.

This achievement highlights the excellent quality of education and training provided by JMI and the effectiveness of the University Placement Cell in connecting students with top-tier employers. The students' success reflects their hard work, dedication, and the strong grounding and foundation in electrical engineering they received throughout their diploma program.

Under the capable and visionary leadership of Hon'ble Vice-Chancellor of JMI, Prof. Mazhar Asif, and Registrar JMI, Prof. Md. Mahtab Alam Rizvi, these placements mark a significant milestone, providing the students with an exceptional opportunity to launch their careers in a dynamic international market.

These international placements demonstrate the commitment of JMI's University Placement Cell, which works diligently to facilitate placements for students across various disciplines, fostering strong relationships and connections with leading companies in India and abroad.

The University Placement Cell's Honorary Director, Prof. Rahela Farooqi, Hony. Deputy Director Prof. Sabah Khan and Prof. Rihan Khan Suri (Director, CIE & TPO) congratulated the three students on their grand success.
