

JAMIA MILLIA ISLAMIA NEW DELHI

July 24, 2026

Welcome Message

Dear Students,

Jamia Millia Islamia (JMI) extends a warm welcome to all of you at the start of the new academic session and particularly to those students who have just completed their admissions and enrolled in various programmes of study at this prestigious institution.

We take this opportunity to reiterate that the university administration places the highest value on your education, personal growth, well-being and professional future. It is with these in mind that an optimal academic and research ecosystem, along with all possible amenities and facilities, both academic and extracurricular, is made available to you so that you may acquire the necessary skills, knowledge and competence that will prepare you for the opportunities ahead and set you apart in a highly competitive world.

We are well aware that a large number of our students come from the farthest corners of the country, and many belong to socially and economically marginalised sections of society, where university education still remains a distant dream for most. The extraordinary journey that each of you have undertaken carries the aspirations of your families, your communities, and the nation. These collective expectations reflect both your immeasurable potentialities and the trust that your families and teachers have placed in you.

Nothing is worth placing at risk a future nurtured through such hard work, dedication and sacrifice. Success comes to those who exercise sound judgement and have the prudence to resist anything that proves to be an impediment in their future prospects. In keeping with the assurances of the Hon'ble Prime Minister of India himself that the interests of the students shall be safeguarded and stern action will be taken against those who have played with the future of the students, JMI appeals to all its students and stakeholders to refrain from any activity that is not in keeping with the law. All are advised to act responsibly and exercise caution. Stay focused on your studies and academic responsibilities and be resolute in fulfilling your primary goal of achieving academic excellence and building a bright career.

You are our greatest asset, and we remain steadfast in our commitment to helping you realise your dreams so that you can contribute positively to society and make your families and JMI proud!

Best wishes.
