Jamia Middle School organizes science, mathematics and social science exhibition

New Delhi, November 9, 2026

Jamia Middle School was abuzz with innovation, creativity and enthusiasm as it successfully organised its grand Annual Exhibition on 22nd October, 2026 showcasing projects across various subjects. The event was held under the inspiring supervision of Ms. Nusrat Jahan, Headmistress in the school premises. The programme was efficiently coordinated by Ms. Naaz Parveen, TGT Science and Programme Coordinator, along with Ms. Naghma Afroz Abbasi, CCA In-charge. The event received dedicated support from all Science, Mathematics and Social Science teachers, while Ms. Nureen Faiz coordinated the Art and Craft section. The exhibition transformed the school into a vibrant hub of young scientists, innovators and artists. Most of the exhibits were impressive working models, reflecting the students' conceptual understanding, creativity and hard work. The young participants confidently explained their projects, demonstrating remarkable subject knowledge, presentation skills and scientific temperament.

Some of the most attractive and highly appreciated exhibits included in Science; Chandrayaan-3 Mission, Solar System, working models of the Excretory System and Lungs, Volcano Eruption, Water Purification, Rainwater Harvesting, Assistant Robot, Water Cycle, Electric Lift, Hydraulic Crane, Hydraulic Bridge, Disaster Management Alert System and Magnetic Levitation. In Social Science EVM Machine, History of the Constitution, States and Their Capitals, and Climate Change. In Mathematics Working Clock, 3D Shapes, Fractions Pizza, ATM and Maths City. In Art and Craft Beautiful creations from waste materials, paper craft and decorative items. The exhibition was organised into four categories. To recognise and encourage the students' efforts, First, Second and Third Prizes were awarded in each category. In view of the exceptionally large number of entries in Science, additional Consolation Prizes were also awarded. The exhibition was evaluated by a distinguished panel judges from Syed Abid Husain Senior Secondary School- Mr. Yogesh Sharma for Maths, Mr Abdul Quddus Ansari for Social Science and Ms Rabab Fatima for Science. The Science category posed a particularly challenging task for the judges, as most of the exhibits were working models, skilfully demonstrated and explained by students with exceptional confidence and in-depth subject knowledge.

The occasion was also graced by several eminent guests, including Prof. Mary Tahir, Dean, Faculty of Sciences and other distinguished guests from University. Heads of

all Jamia Schools graced the occasion. They appreciated the students' outstanding creativity, innovation and hard work. The visitors were highly impressed by the confidence, enthusiasm and presentation skills of the young innovators. They applauded the school's efforts in promoting experiential learning, creativity and scientific temper among students. The Annual Exhibition-2026 was a celebration of young minds, innovative ideas and practical learning. It provided students with a valuable platform to explore their potential apply classroom knowledge to real-life concepts and develop confidence through hands-on experiences.

The Headmistress congratulated all the teachers and staff involved in the success of the event. She also extended the sincere gratitude to Honourable Vice Chancellor Prof. Mazhar Asif and respected Registrar Prof. Md. Mahtab Alam Rizvi for their support and guidance in making this event successful. Overall, the event proved to be a grand success, fulfilling its objective promoting experiential learning and fostering a spirit of inquiry among students.
